

Financial Services Guide

1 February 2022

Version 5

Part 2

This document is part of a Financial Services (“Guide”) and should be read in conjunction with Part 1 (A Guide to Our Relationship with You and Others) version 21, dated 1 February 2022.

This section is designed to provide you with enough information to decide whether to obtain financial advice (or any other financial service) from us. It’s an important document that will introduce your adviser, Shaun Hunt, and provide you with the information you need to consider before you engage us to provide you with advice or services.

This document complements Part 1 that provided information about our Licensee and the types of documents – Statements of Advice, Records of Advice and Product Disclosure Statements – that you will receive if we provide you with personal advice. Part 1 also explained how you can provide information to us, our compensation arrangements and who to contact if you want to provide feedback or complain about our advice or services.

We’ve tried to be as clear and direct as possible but if you have any questions, we’re happy to answer them.

Remuneration

Financial advice has value, but it also involves fees and charges. We are committed to transparency because we believe it's important that you're able to make an informed decision about our advice and its benefits. You may pay a fee for a service, and we may also receive commissions from product issuers, if you engage us to provide advice, implement our recommendations or act on your instructions. Rest assured that the relevant costs or fees will be discussed with you by your adviser before any services are provided.

Paragem will pay Hunt Wealth Pty Ltd 100% of the fees and/or commissions detailed in this schedule. Paragem will charge Hunt Wealth Pty Ltd for licensee services and is not linked to client revenue.

Shaun Hunt is a Director and owner of Hunt Wealth Pty Ltd and is remunerated by dividends and distributions from this company.

Fees

We are predominantly a Fee for Service organisation. There are set fees for each service that I provide to you, and these fees will be agreed upon and confirmed to you prior to any service being provided. Current fees and charges are detailed below and are GST inclusive:

Advice Preparation: For having a personalised financial plan (Statement of Advice) prepared fees may range from \$2,750 to \$8,800.

Implementation Fees: for the implementation of your advice may be a set fee between \$550 and \$2,200.

Ongoing Advice Fees: If you choose to have me provide an ongoing advice service, the actual fee will depend on the complexity of your situation and the amount of funds under advice, but will not exceed:

- a) a fixed dollar amount ranging from \$2,750 up to \$13,200; or
- b) up to 1.1% p.a. of total funds under management. For example, if your account balance was \$10,000 and we charged a 1.1% ongoing fee we would receive \$110 per annum.

Commissions

Insurance Products

Commissions can be received for life insurance products with the exception of life insurance implemented after 1 July 2014 for a member in a default superannuation or a group life policy in a superannuation fund.

There will be a 100% clawback of commission where the life insurance policy is cancelled, not continued or the policy cost is reduced in the first year and 60% clawback of commission in the second year.

If you choose to pay fee for service, we can rebate to you part or all of the commission we would otherwise receive for insurance arrangements.

In the interests of transparency, please understand that I will receive an upfront commission from the product issuer if you decide to buy a life risk insurance product I recommend to you. Commissions, whether up-front or ongoing, are paid to us by the Insurer.

I will receive an upfront commission of between 0% and 66% of the first year's annual premium, and then an annual ongoing commission of between 0% and 22% of the annual premium.

For example, for an insurance product with an annual premium of \$2,000, where the issuer pays me an upfront commission of 66%, I will receive \$1,320. The issuer will pay me 22% of the annual premium as ongoing commission for as long as you hold the product. Assuming an annual premium of \$2,000, this equates to \$440 per year.
